

## PLAN! BETTER WORLD project

Devise a plan over 6 weeks in collaboration with other Rovers and Environmental groups to engage with issues such as waste management, energy management, fast fashion, the food chain, rewilding etc. Decide on the issues of particular concern to you.

Plan and run a project in collaboration with an Environmental group or entity operating internationally. Make a difference. Make a better world!

Week 1	Plan	Devise a plan to learn about and address significant environmental issues in your lives.	All
Week 2	<b>The Food Chain</b> low carbon footprint, natural, local, organic, zero packaging etc.	Food Challenge to cook a tasty 'Better World' meal: local produce, vegetarian/vegan, non-processed.	John & Chloe
Week 3	<b>What a Waste!</b>	Organise a fund raiser for an environmental cause.	Annie & Liam
Week 4	<b>Fast Fashion!</b>	Fashion Show to highlight the impact of Fast Fashion/internet buying versus 'Made Local'	Cillian & Susie All
Week 5	<b>Environmental Project</b>	An environmental project to raise awareness of and address a global issue.	Olwyn & Charlie All
Week 6	Complete & Review - What have we achieved & learnt?	Complete project, document, review with all involved.	All

## PLAN!

Be ambitious – formulate a plan and look for some funding to achieve an ambitious result that will really make a difference. Or organise an event to raise funds with an environmental benefit – such as a clothes swap or clothes bank, or a fix it service...

Or volunteer with an environmental group doing important work nationally and internationally.

How can you be an active citizen and lead the way in making a better world?

## Environmental Project – initial plan

Who? Decide who to collaborate or volunteer with...

What? Decide what to focus on, do the research and form a plan...

How? Resources, equipment, funding, meetings, travel arrangements – sketch out a plan and develop the detail...

When? Every journey starts with a first step. Set up that meeting. Then establish a timeline...

## DO!

Set targets, finalise the plan and go do it!

Reach out to Rover Scouts in other countries to share ideas and plans.

Partner with groups or agencies that are addressing the issues that concern you. Fund raise for them, work with them, learn from them.
