

PLAN! BETTER WORLD project

Devise a plan over 6 weeks in collaboration with other Venture Crews in your Scout County to engage with issues such as waste management, energy management, fast fashion, the food chain, rewilding etc. Decide on the issues of particular concern to you and in your locality.

Plan and run a project in collaboration with another community group concerned with environmental issues.

Week 1	Venture Executive - Plan	Devise a plan to learn about and address significant environmental issues in your lives.	All
Week 2	The Food Chain low carbon footprint, natural, local, organic, zero packaging etc.	Food Challenge to cook a tasty 'Better World' meal: local produce, vegetarian/vegan, non-processed.	Joe & Lisa
Week 3	What a Waste!	Visit a Recycling Centre and find out what really happens.	Annie & Ted
Week 4	Fast Fashion!	Fashion Show to highlight the impact of Fast Fashion/internet buying versus 'Made Local'	Ger & Beth All
Week 5	Community Project Work with a community group	An environmental project in the community	Moira & Cathal All
Week 6	Complete, Review & Celebrate - What have we achieved & learnt?	Complete project, celebrate with all involved. Present awards!	All

PLAN!

Finalise your plan with your own ideas and circumstances and go do it! Work with Venture Crews from your Scout County and network.

Maybe there can be a combined environmental and service project. For example delivering an Eco Scout programme at a scout centre or campsite to Beaver Scouts, Cub Scouts and Scouts.

Or plan and run a fundraiser to support an environmental project in your area – could be tree planting, pure mile, clean water, running a clothes bank or repair shop.

Environmental Project

Who? Decide who to collaborate/work with in your community – or a scout campsite - or partner with a company or organisation...

What? Decide what to focus on, do the research and form a plan...

How? Resources, equipment, meetings, travel arrangements – sketch out a plan, allocate roles & responsibilities, and develop the detail...

When? Every journey starts with a first step. Set up that meeting. Then establish a timeline...

DO!

Finalise your plan with your own ideas and circumstances and go do it! Work with Venture Crews from your Scout County and network.

Maybe there can be a combined environmental and service project. For example delivering an Eco Scout programme at a scout centre or campsite to Beaver Scouts, Cub Scouts and Scouts.

Or plan and run a fundraiser to support an environmental project in your area – could be tree planting, pure mile, clean water, running a clothes bank or repair shop.
