LION INITIATIVE

COORDINATE WITH YOUR LEADERS

Complete 10 of the below challenges and send results and processes to your leaders so as they can award you for your brilliant effort! We recommend completing all from Local, International and Outdoors and then ONE New skill. Discuss with your leaders and agree to what can be done though.

VARY YOUR CHALLENGES

You may be interested in some certain topics from the below challenges, but why not test your skills against something new to pass the time? Vary the challenges you pick and the skills they relate to. Show your creativity to your leaders!

LOCAL

- Host a quiz/game through an online platform for Friends or Family
- Brighten your space! Work on your local area, put a display in your window, or get creative with planting
- Send a card to frontline workers in your area (neighbours, NAS, Carehome etc)

INTERNATIONAL

- Cook 5 different meals from 5 different countries
- Learn the foundations of another language
- Find a campfire song from another country and learn it fully

Begin your planning of Chief Scout Award

OUTDOORS

- Cover 150km distance over a set period of time agreed with your leader (Hike/Bike/Exercise/Etc)
- Sleep somewhere unusual. Hammock or tent in the garden, build a hut inside, or get creative
- Demonstrate an understanding of 'Pacing'

NEW

- Air - Build a small hot air balloon
- Emergency - Understand and demonstrate "ABC" of basic first aid
- Pioneering - Build the gadgets from a typical site (Model size, or full scale)
- On Water Skills - Understand the Beaufort Wind Scale up to Force 6
- Backwoods - Learn and demonstrate using Star Constellations for directions and the Sun/Watch method

ROAR INITIATIVE

COORDINATE WITH THE LEADERS IN YOUR GROUP

Keep in contact through different online means. Plan as much as you can. Take this time to organise the things you never thought you had time for! Remember scouting does not need to "stop", it just needs to "change".

COMMUNICATE AND SPREAD THE IDEAS

You CAN run program through online platforms and it has been showing great success. We'll lay out below how to get a weekly online meeting in action - We need the help of all volunteers to spread program ideas and thoughts within groups and counties to keep it rolling online!

ONE

- Get access to an online platform such as 'Zoom'. This can host a number of screens for your section to all chat.
- Remember to give time to TALK. Some of the members have not seen each other in a long time - catch up!
- Start scouts as you would a normal meeting. Say your prayer/promise etc

TWO

- Have a game ready to go for your first meeting. There are plenty of fun challenges online at the moment that your members can take part in from each of their homes, together!
- You can try a treasure hunt using common items in a house.
- Organise with the members that they provide the game for next week. let them also lead!

THREE

- Plan AND do!
- Your first week might consist of mainly a plan. Take what you had planned to complete the past few months and dissect what can be completed from home.
- Add new skills which can be worked on (Adventure Skills for reference)
- Give appropriate time. Work on part of it in the meeting or have a prepared leader demonstration. Finish over the week if necessary.

FOUR

- Finish on a high note!
- Have your finish point well organised. Use an active game such as completing tasks in a race format or something fun like baking at home while online together (with instructions).
- Always having a good finish will leave your members actively wanting to meet again next week

Remember, this works differently for everyone, and will require patience during this hectic time. Share and communicate ideas.
